

JUNE WATERMELON

Fresh & gourmet

Distilled, infused and made in France, the JUNE collection of infused gins is made from G'Vine, a French gin made from grapes. Aromas of 100% natural infused fruits that offer delicate and gourmet flavours enhanced by a subtle bouquet of aromatic plants and spices.

NATURAL INFUSION

JUNE Watermelon is made with the utmost care. The elaboration of natural watermelon flavours respects with the greatest fidelity the unique and sweet taste of the fruit. JUNE contains no artificial colour nor flavours and offers a 100% authentic and natural experience.

DISTILLATION

The bouquet of spices is macerated for several days in neutral grape alcohol, then is distilled in a copper pot still. The resultant distillate is then mixed with the natural watermelon aromas that make JUNE the ideal drink for an endless summer!

SUMMER FLAVOURS

JUNE Watermelon associates the delicacy of this emblematic summer fruit with the scents of juniper berries and G'Vine's bouquet of spices.

Fresh & gourmet, JUNE watermelon can be enjoyed on ice or in a cocktail such as our famous JUNE Summer Crush.

Perfect serve

JUNE SUMMER CRUSH

- 40 ml JUNE Watermelon
 - 80 ml cranberry juice
 - 1/2 lime
 - Top up with lemonade
- Garnish with a slice of watermelon.

Tasting notes

- NOSE** Fresh, fruity, delicate notes of watermelons and citrus
- PALATE** Smooth, rich, slightly velvety
- FINISH** Long, soft and refreshing
